Best Off Road GPS [Review & Guide] - Overlandsite

GPS receivers use different numbers of channels to track the satellites. The more channels a receiver has the more chance the unit will find the satellites and pinpoint your location.

Power Having external power capability is a nice feature if you using a GPS in the car and can save a lot of batteries.

GPS buyer's guide - Ramblers

GPS works by receiving a signal from a satellite in orbit. By measuring the precise distance to at least five different satellites, the device can work out exactly where you are. As it's receive only, and the satellites orbit the whole planet, you can get a GPS position almost anywhere, and you do

Best Truck GPS Buying Guide FAQ:

Q: How often will my GPS send updates? A: The number of times that your truck navigation system sends updates depends on the specific model that you buy. Some will update on a more regular basis to tell you about changes on the road such as speed limits, construction projects, and points of interest along the way.
