INTERNATIONAL ISO/IEC STANDARD 17025

ISO/IEC 17025:2005 specifies the general requirements for the competence to carry out tests and/or calibrations, including sampling. It covers testing and calibration performed using standard methods, non-standard methods, and laboratory-developed methods. It is applicable to all organizations performing tests and/or calibrations.

ISO - ISO/IEC 17025:2005 - General requirements for the ...

This new standard ISO/IEC 17025 includes some noteworthy changes related to its structure and scope that should be mentioned before we go into greater details of each section of the standard.
