Luxman M-900u Ultimate Stereo Power Amplifier; M900u ...

"The original L-550AX was a very good amplifier by market standards, but Luxman have taken all its essential elements and improved on them for the flagship L-590AX MKII. It has more power and detail yet retains the same easy-going musicality and foot-tapping sound. It is an absolute gem." -Hi-Fi World

The Luxman also doesn't go all out at £6,000+ to provide bells and whistles and a high-end performance promise. There's a few of those on offer too. For some budget users, the Luxman may be expensive but certainly attractive as a possible upgrade while some high-end users may wonder if the Luxman goes far enough.

"A power amplifier can be capacitor-coupled, which relieves the burden of DC offset to a certain degree, but most solid-state power amps have to either have some way to correct for DC offset or track so well so that they don't have offset at the output. For Aesthetix, that means we have to take great care in matching individual sets of FETs

My eagerness to review the A-S3200 increased when 35-year Yamaha employee Phil Shea, currently Yamaha USA's marketing content development manager, told me that the A-S3200's amplifier section is very similar to that of the flagship M-5000 stereo amplifier (\$9995.95). "The M-5000 is our no-holds-barred amplifier that, together with the C-5000 ...

This might be an integrated amplifier, but it really is more like a separate pre- and power amplifier in a single box rather than a compromised electrical design. Build quality is excellent. Thanks to its impressive power amp circuitry, this is an amplifier that will have no trouble driving difficult speakers to high volume levels.

The Pass Labs INT-25 Integrated Amplifier Review. The Sweetest Perfection. By Steve Huff. Fast Facts: This amp, without question, is an amazing synergistic match with modern day Klipsch Heritage speakers like the ones I own. Bests the tube amps I have here from Willsenton, Prima Luna and even the solid state Naim Nova with the Heresy IV.

While I love the timeless Luxman design, build and sound, it does not sound like the R8. It does not have the weight, the humanity, the soul of tubes yet this \$1295 R8 does and it has gobs of it. Am I saying the R8 bests the Luxman? No, I am not. The Luxman is timeless, a heirloom quality piece.
