## The Psychology

Robin Rosenberg grew up with superhero comics. Later she shared them with her children, and after becoming a clinical psychologist, she studied them through the lens of psychology and discovered that “superhero stories are about morality and loyalty, about self-doubt and conviction of

## The Psychology Of Superheroes

discovered that heroes are perceived to be highly moral, highly competent, or both.

More specifically, heroes are believed to possess eight traits, which we call The Great Eight . These traits are smart, strong, resilient, selfless, caring, charismatic, reliable, and inspiring.
